To: Penn Machine Customers
From: Tiffany Rhen
Date: March 10, 2025
Subject: Stainless Steel Outlets 304/304L and 316/316L price increase.

Effective March 17, 2025 the following price increases will be effective:

*Stainless Steel Outlets F304/304L and F316/316L. This is a weighted average increase of 12%.

These increases are directly related to the escalating costs of raw material, scrap surcharges, fuel surcharges, freight surcharges, rise in labor costs and insurance over the past several months. Additionally, we are reviewing pricing, services, terms and conditions, of all other product categories that have been impacted by these rising costs.

All of us at Pennsylvania Machine Works, Inc. extend our appreciation for your continued support through the purchase of our products. If you have any questions, please do not hesitate to contact us at 1-800-PENNUSA.

Sincerely,

Tiffany Rhen
Sales Manager
