Subject: Chrome fittings price increase

Effective March 17, 2025 the following price increases will be effective:

*Stainless Steel 150# 304 and 316 Price Sheet. This is a weighted average increase of 23% over Price Sheet dated 4/29/2022.

These increases are directly related to the escalating costs of raw material, scrap surcharges, fuel surcharges, freight surcharges, rise in labor costs and insurance over the past several months. Additionally, we are reviewing pricing, services, terms and conditions, of all other product categories that have been impacted by these rising costs.

Copies of the price sheets can be obtained from our Website in a few days.

All of us at Pennsylvania Machine Works, Inc. extend our appreciation for your continued support through the purchase of our products. If you have any questions, please do not hesitate to contact us at 1-800-PENNUSA.

Sincerely,
